The software is very easy to use and comes with free updates and a menu-oriented help file. MFX Bingo Caller 6.0 is a complete and customizable tool to create and play your own bingo games for both 75-number bingo and 90-number bingo. The program allows users to call numbers on the screen, and includes voices in English, French, Spanish and Mandarin. The user is able to completely customize the game, from being able to prevent certain letters from being called, choosing from a lot of predefined earning patterns, or making your own from scratch. They can add unique options such as wild numbers, odd/even number calls, or make a playlist of all your favorite prefabricated or custom game patterns. To complete the bingo experience of users, they can print bingo cards with their custom pattern, or choose one of the many gift patterns included in the game. The game includes thousands of cards that are generated and in the program. Each card made by the program has a serial number that can be checked for winning standards/good bingos. In addition, the user can adjust the speed of the so-called numbers, as well as mute the audio if they want a silent game. In all, this program allows the user to start their own bingo party wherever they want, including reception rooms, schools, community center full creative control.
